Dear Parents and Guardians,

Thank you all so much to take the time to attend your parent-teacher conference! It is so nice to have the opportunity to touch base and fill you in on what we have been up to in school. I know I threw a lot of information at you, so after you have had time to process it all, if you have any questions or concerns please feel free to email or call at any time.

I talked to some parents about math homework, but I wanted to make sure I give this information to everyone. Since our curriculum introduces new concepts very quickly, sometimes it takes more days of practice and review for the students to fully understand it. On homework, if your child doesn't understand something it is okay to skip it. All I ask is that the kids try their best. The last thing you need after a long day is homework frustration! I am finding that our new curriculum has a lot of practice and review built in so if the students don't understand something the first time around, they will have many more opportunities to practice.

Thank you so much for all of your support. I can't tell you how many compliments I get about these kiddos from substitutes and other teachers in the school. You have wonderful children, and it is a joy to work with them every day!

If you have any questions or concerns, please contact me by phone or email.
Julie.elliott@thompsonschoools.org or 613-5749

Classroom Wish List Items

If anyone is willing and able to send in the following items I'd greatly appreciate it!

Gallon Ziploc Bags: I'd like to allow the students to check out classroom library books. I have found that the return rate is better when the students have a bag to transport their books to and from school.

Clear Package/Shipping Tape: We have a lot of books in our "book hospital" needing to be taped up.

Next Week in 3rd Grade:

Math: We will continue with multiplication and division strategies. We will also talk about order of operations.

Writing: We will work on writing strong introductions.

Reading: We will continue with our guided reading groups.

Science: We have talked about seasons and the moon. This week we will begin to look at different components of the solar system.

OUR HABIT OF THE WEEK
NEXT WEEK IS: Synergize

Specialist Schedule

Monday:	Computers 1:40-2:10 Library 2:10-2:40
Tuesday:	Art 1:40-2:40
Wednesday:	Computers 1:40-2:10 Library 2:10-2:40
Thursday:	Counselor 1:10-1:40 P.E. 1:40-2:10 Music 2:10-2:40
Friday:	P.E. 1:40-2:10 Music 2:10-2:40
