Dear Parents and Guardians,

You have made it halfway through your child's third grade year! Congratulations! Thank you for all of your support at home—I have really seen a lot of growth in this class, and I am so excited to see where they will be at the end of the year!

Please continue to practice math facts at home nightly. I know the tendency is to taper off as the year goes along, but the new standards that go into full effect next year are much more demanding and I want the students to be prepared. As we said during our Back to School Night meeting, the goal was to have the addition and subtraction facts mastered by January so we can focus on multiplication during the second half of the year. We take class time to practice every day, but it is not enough. Please help your child practice at home. Students who are still on addition and subtraction might need more practice time at home to catch up. Remember, xtramath.org is a great, free internet resource. I am happy to send login information home again if you need it.

Please feel free to contact me with any comments, questions or concerns you may have regarding your child at 613-5749 or julie.elliott@thompsonschoools.org.

Sincerely,
Julie Elliott

Next Week in 3rd Grade:

Math: We will work on measuring perimeters, and solving problems involving perimeter.

Reading: We will work on determining the important idea in fiction stories.

Writing: We will finish our mid year writing assessment and work on character and setting development for a narrative story.

Science: We will continue with our work on linear measurement using the metric system.

OUR HABIT OF THE WEEK
NEXT WEEK IS: Think Win-Win

Specialist Schedule

Monday: Art

1:30 to 2:30

Tuesday: Music/P.E.

2:45 to 3:45

Wednesday: Computers 9:50-10:20

Library 10:35-10:55

Thursday: Music/P.E.

2:45 to 3:45

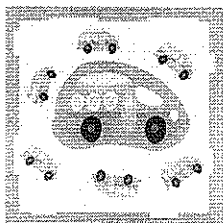

Friday: Computers/Library

2:20 to 3:20
