Dear Parents and Guardians,

We are just getting started on a new unit that will involve reading, writing and social studies. The students will be using internet sources, books, and videos as resources to gather information about the United States. The students will be working in groups for this project. After they are finished gathering their information, they will write informational paragraphs about different aspects of their region. After the groups present their information to the class we will compare and contrast the regions and discuss how where we live influences how we live. We will cover a lot of material during this integrated unit, and it will take several weeks to complete it, but it should be a lot of fun!

Please feel free to contact me with any comments, questions or concerns you may have regarding your child at 613-5749 or julie.elliott@thompsonschoools.org.

Sincerely,
Julie Elliott
