Dear Parents,

In an effort to involve the students more in their learning and success, we are trying something new for the remainder of the school year. The students have set their own goals for their math timed tests. They determined what would be a challenging, but achievable passing percentage for moving on to their next level. We will take timed tests on Tuesdays and Thursdays so the students have more opportunities to pass to the next level. The students score their own tests and keep track of their progress in their growth binders. When students set their own goals, they are more motivated to reach them than when someone else sets the goals for them. On Tuesday your child should have brought home his/her registration packet for next year and a literacy assessment appointment letter for May 2/3. If you have not returned this information to school yet, please do so as soon as possible. Thanks

Please see the back of this newsletter for information about a Family Literacy Night that will be held at Namaqua Elementary School. It is open to all school district families.

Please feel free to contact me with any comments, questions or concerns you may have regarding your child at 613-5749 or julie.elliott@thompsonschoools.org.

Spelling List

Sa 24

1. barely
2. careful
3. carry
4. carpet
5. barber
