Dear Parents/Guardians,

Last week we had a visitor who did a presentation for the third graders about bike helmet safety. Many of the students filled out their pledges promising to wear their bike helmets. Our guest also gave us some coupons to give to families who do not have bike helmets for their child. If you need a coupon for a bike helmet, please send me a note or an email to let me know.

Our final round of PARCC testing is coming up on May 4-6. We will be testing all three days. I am not sure of our schedule yet, but it will probably be similar to our March schedule (3rd grade tested in the mornings). Please keep this in mind when scheduling appointments. Also, that week on May 7th & 8th are our district testing days. Students will only come to school during their scheduled testing time. Please see the yellow sheet in the Friday Folder with your child's scheduled time, and return the bottom portion to school as soon as possible.

If you have any questions or concerns, please contact me by phone or email.

julie.elliott@thompsonschoools.org or 613-5749

Next Week in 3rd Grade:

Math: We will begin our last unit which covers fractions.

Writing: Narrative writing—we are working on adding description and figurative language to our writing to spice it up.

Reading: The students are all working on individual goals in reading.

Science: We will continue with our Food Chains and Webs unit. We will set up an ecosystem to observe the interactions between living and nonliving things.

OUR HABIT OF THE WEEK
NEXT WEEK IS: Begin with the End in Mind

Specialist Schedule

Monday: Computers 1:40-2:10
Library 2:10-2:40
