Dear Parents and Guardians,

From now on I will send our classroom newsletter home on Friday instead of Monday. This will allow me to give you important information before the new week begins, and the students will have a few extra days to practice their spelling words if they need it.

I am sending conference confirmation forms home today in Friday Folders. Please send the bottom portion back to school as soon as possible so we can reschedule if necessary.

Thank you so much for supporting your child at home with his/her homework! Please continue to check and sign the planners nightly. I might write notes to you in the planner if I have information or messages for you.

Cookie dough order packets for our PTO fundraiser should have come home with your child today. Please make sure you find them.

Thank you so much to those of you who signed up to be a classroom volunteer. I will be contacting you shortly—thank you for your patience!

Please feel free to contact me with any comments, questions or concerns you may have regarding your child at 613-5749 or julie.elliott@thompsonschoools.org.

Sincerely,
Julie Elliott

This Week in 3rd Grade:

Math: We will use knowledge of place value to add and find the difference between two 2-digit numbers, solve story problems, and estimate answers.

Reading: We will continue to work on using the author's words with our schema to help us visualize.

Science: We will finish our ryegrass experiment, review vocabulary, and begin observations on critters.

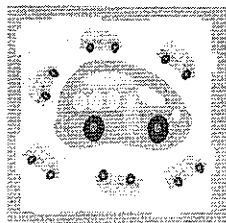

Writing: We will begin to discuss the structure of expository paragraphs, and we will walk through the steps of the writing process while writing paragraphs about our seven habits.
